

Project Use Case & Deployment Confirmation Certificate

This is to formally acknowledge that the following student(s) from K.R. Mangalam University have successfully undertaken and completed an industry-based project under our mentorship, in alignment with the stated objectives and requirements of our organization.

Project Details:

- **Project Title:** DigitalKitty: A Comprehensive Digital Collection Management Platform
- **Domain/Technology Used:** Web Development (Frontend: React.js, Shery.js, Three.js | Backend: Node.js, Express.js, Prisma ORM, PostgreSQL, Minio Storage)
- **Industry Use Case / Business Problem Addressed:**

In today's world, users face difficulty managing their digital assets securely across different platforms. DigitalKitty solves this problem by offering a self-hosted, centralized platform for secure upload, management, and retrieval of files like documents, code, images, and other digital assets.

- **Expected Outcome/Utility of the Project in Our Organization:**
 - Centralized file management.
 - Secure access and role-based permissions (Admin/User).
 - Reduced dependency on third-party cloud services.
 - Improved user experience with a responsive and aesthetic frontend.
 - Ease of deployment and management using scalable backend architecture.
